As a result, even when the Seller or the Purchaser may take the necessary steps for the exportation of the products that have been sold, the Seller cannot be held responsible for an eventual refusal concerning exportation, the Purchaser being made wholly responsible for the consequences of such a refusal and as a consequence cannot take action against the Seller within this context and in particular to seek the termination or cancellation of the sale or the total or partial refunding of the price for the products acquired. Please note that the ORIGINES Company does of course take the preliminary steps concerning export authorisation for the objects that it markets and generally has the relevant authorisations.
